Minutes of Meeting

Mission

The mission of Noble Academy is to provide quality, relevant and multicultural education for all students. The unique framework is relevancy, which is a critical component for the learning process if and when the students can build on their prior knowledge. Learning makes more sense and is more connected when students can relate to the content and/or topics being taught. This school will serve students ages 5-14 in the metro areas. Noble Academy will focus on these three cornerstones surrounding the educational philosophy of the school:

- A rigorous educational program focusing on core content areas and standards mandated by the state of Minnesota in reading, writing, mathematics, science, and social studies
